— Antigua & Barbuda —

The perfect place to call your second home

Our twin island nation may be best known for its 365 beaches, but Antigua & Barbuda offers far more than sun and sand. With a welcoming spirit, rich history and growing international appeal, it is fast becoming one of the Caribbean's most desirable destinations for those seeking both lifestyle and opportunity. From world-class sailing and a vibrant culinary scene to luxury real estate and major new developments, Antigua & Barbuda strikes the perfect balance between laid-back island life and modern sophistication.

The historic Nelson's Dockyard, recognised as a UNESCO World Heritage Site, reflects the nation's maritime past, while Barbuda's pristine beauty and rising status among high-net-worth travellers is drawing fresh attention with a new airport and ultra-luxury developments on the horizon. Cosmopolitan yet unspoilt, elegant yet easy-going, Antigua & Barbuda offers a rare blend of natural beauty, modern infrastructure and warm, authentic charm – all in one truly unique destination.

— Our philosophy —

Built on purpose. Driven by values.

At James & Maginley, our work is guided by a deep sense of responsibility, not just to our clients but to our country and our community. From the very beginning, co-founders Kirthley Maginley and Casroy James envisioned a firm rooted in integrity, service and the desire to make a positive impact.

Our belief in doing well by doing good is reflected in every part of the business, from the way we serve clients to the way we contribute to society. This philosophy continues to shape our company and inspire our team every day.

— Charity —

Giving back is part of who we are

The James & Maginley Charity and Care Foundation was established in 2016 with a simple but powerful mission: to give back. Each year, 10 percent of company profits is dedicated to supporting those in need across Antigua & Barbuda and the wider Caribbean. The Foundation's work includes support for children with special needs, assistance to communities impacted by natural disasters,

and long-standing involvement with the GARD Center, a local organisation that empowers young people through skills training in agriculture, entrepreneurship and vocational education.

For James & Maginley, charitable work is not an afterthought. It is a core part of who we are and a commitment that will always be at the heart of everything we do.

Your journey starts with a conversation.
